

FOSSIL POINT

PINOT NOIR

v.2022 • EDNA VALLEY AVA

OUR PINOT NOIR VINES ARE ROOTED in the Edna Valley AVA, on the coastal margins of San Luis Obispo. Here, cool marine air fosters ideal conditions, yielding small clusters with distinct floral aromas and prevailing varietal flavors of bright cherry and bramble. Our winemaking relies entirely upon traditional methods and is guided by a respect for the inherent quality of the fruit. We harvest by hand early in the day and deliver the clusters still cold and intact for careful processing. Fermentation is conducted in small lots with daily punchdowns by hand, prior to aging in a selection of neutral and once-used French oak barrels.

TASTING & PAIRING NOTES

The 2022 vintage was of classic quality throughout the Central Coast. Appropriate winter rainfall, consistent growing conditions through the summer and constant and predictable conditions during harvest meant that the winemaking team could harvest fruit at a comfortable pace, and at the peak of ripeness. Bright natural acidity and classic Pinot Noir aromas dominate - this is a perfect vintage for the table, and a great example of hand-made, cool-climate Pinot Noir.

ABOUT FOSSIL POINT

In the Edna Valley, on California's Central Coast, our vines are never far from the influence of the sea. Sunny afternoons yield daily to brisk marine breezes, and the growing season is directly shaped by the seasonal flow of the currents and surface temperature of the nearby Pacific Ocean. Even our soils of calcareous shale and coarse sand were uplifted from the ancient ocean floor and weathered into place over the millennia.

Fossil Point pays tribute to this bond between sea and vine. Located less than five miles due west of our winery, Fossil Point is a rugged headland with sweeping views of the coastline from Port San Luis to the Guadalupe Dunes. Standing on Fossil Point, you can enjoy the same ocean breezes that are on their way to our vineyards, where they will guide our vines to perfect ripeness.

TECHNICAL

Vineyard Sources – 100% Edna Valley AVA

Hand-harvested, small lot fermentations

Élevage in neutral and once-used French oak barrels

pH: 3.58, TA: 6.7 g/l, Alc: 13.5%

Cases produced: 3028
